

Mentor Non-Disclosure Agreement

As an authorized participant in the Teaching Evolves Around Mentoring (TEAM) program you will have access to students' personal family and academic records. The sole purpose of obtaining this information is to help the youth obtain successful outcomes. The Program Coordinator must provide any information about the youth and it's the Program Coordinator's responsibility to request and process this information. However, mentors can request to view a participant's file. You hereby agree not to furnish any other person with this confidential information or use the actual names of participants when discussing the file. As a mentor, you have a right to confidentiality to your mentee unless mentee reveals information regarding anything that will do bodily harm to him or another individual, sexual or physical abuse, or mistreatment by an adult.

You further agree to safeguard any and all printed versions of such information, whether it is printed from the website or forwarded to you by the Program Coordinator, in manner that no other person can have access to it.

For the purpose of this agreement, the word mentor means any person who is referred to you to be matched with a student whether he is waiting to be matched or is already matched with a student.

I have read and understand the above, and agree to abide by the policy herein in regards to the safeguarding of the student's information.
